EARTH DAY CELEBRATION

A close-up photograph of a person's hand holding a small, clear glass globe. The globe is filled with a vibrant green liquid and contains a small, detailed image of the Earth. A single, bright green leaf is perched on top of the globe. The background is a soft, out-of-focus green, suggesting an outdoor setting with foliage.

Every year, Earth Day is celebrated on 22nd April at Hillwoods School, to remind the students of their duties towards ‘Mother Nature. Earth Day was celebrated through educational and action-oriented activities that were fun.

A myriad of activities were conducted in the classes. “Plant a Sapling” was conducted for primary students. Students of middle and Secondary school have the following activities. Posters making on “My Dream Earth”, Slogan writing and Creative card making with a message on Earth Day.

All Activities were conducted in befitting manner with all students participating with full enthusiasm and zest.

We Only Have
One Earth....

Save it!
